SUPPLEMENTARY INFORMATION TO THE PUBLIC ACCOUNTS 1990-91

PREFACE

This supplement to the 1990-91 Public Accounts of Alberta provides information detailing expenditure by payee. The first six statements show General Revenue Fund transactions focusing on expenditure from appropriated funds and revolving funds by payee, for the year ended March 31, 1991.

For the purposes of this supplement, expenditure includes accounts payable and accrued liabilities at March 31, 1991 paid on or before April 30, 1991.

Grant expenditure of $5,000 or more in aggregate and supplies and services, purchase of fixed assets and other expenditure of $10,000 or more in aggregate is shown by payee. All payments made to a payee that exceed the reporting minimum are shown even though individual departmental amounts may be less than that minimum. Payments made to individuals under certain grant programs, such as social allowance, are not reported by payee but are only shown in total.

Statements 7 and 8 show details of payments from all other funds whose authority for incurring expenditure is derived from the voting of supply, namely the Alberta Capital Fund and the Capital Projects Division of the Alberta Heritage Savings Trust Fund.

Because it receives most of its money from payments under authority of a supply vote, details of School Foundation Program Fund expenditure are shown by payee in Statement 9.
